

TL-811+

Dust Proof and Color Deep Silicone Fluid for Tires
PDS

Description

TL-811+ is a dust proof and color deep silicone fluid for tires with low viscosity and good ductility. It's easy to dilute and use, keeping shine, beautiful dark black, also dust proof in long active on tires. Suitable for all kinds of tires applied.

Characteristics

- Low viscosity and easy to dilute and use
- Can be stored in any percent of concentrations after dilution
- Good compatibility with coal oil and alcohol solvents
- Cover averagely on the surface of tires
- Excellent adhesion and permanence
- Excellent shine, dark black and dust proof ability

Properties

Appearance	Transparent to slightly hazy
Active ingredient(%)	100.0%
Viscosity, 25°C, cps	2500~3000

Safety

This document does not contain the safety information required for the product. Please read the safety data sheet for this product before use.

Storage & packaging

When stored in its originally sealed packaging at 5°C - 40°C, this product may be stored for up to 8 months from its manufacturing date. Comply with the storage instructions marked on the packaging. Once past this expiration date, TAI COUNTY CHEMICAL no longer guarantees that the product meets the sales specifications.

Product comes in 20KG HDPE grey drums and 200KG HDPE blue drums(All breathable).

If it freezes, the best action is to thaw it gradually at room temperature. Do not heat it directly.

Applications

- Suitable for all kinds of tires in brightener

Processing

- Application

Dilute TL-811+ with coal oil to 1~3 times then apply on the tire surface
(Depending on the actual conditions, you can adjust the usage amount.)

The data provided above is to the best of our knowledge and experience and is without any warranty. Users should thoroughly test any application and independently conclude satisfactory performance before use.
